

# Saint Joseph Catholic Community

5300 Bacock Street NE  
Palm Bay, Florida 32905

Dear Parents/Guardians of Confirmation Students,

It is a pleasure to welcome you into the Confirmation process here at St. Joseph Catholic Community. We hope this year will prove to be rewarding and enjoyable.

Students, you are about to begin a process of deeper initiation into your Christian faith. You have already received God's life and Spirit through the Sacrament of Baptism. You have also received the nourishment of his Body and Blood in the Eucharist. When you were baptized, you became a part of a faith community, the family of God. From that moment on God claimed you as His own. The preparation that you are receiving should help you come to a deeper and more profound understanding of the Christian commitment you are being called to fulfill.

Service projects are an important part of the process – they provide opportunities for the candidates to become accustomed to “reaching out to others.” It is very difficult to find common dates that work around everyone's schedules, however, we will try to provide opportunities for the P.R.E.P. students in which they can participate. We also encourage students to be self-motivated and actively seek means and ways to be of service where and when needed. Community service opportunities are already built into the school curriculum.

Please read carefully the material enclosed in this packet. Any questions or concerns that you may have pertaining to this information please feel free to call the Office of Religious Education.

Yours in Christ,

Lin Wyatt  
Director of Religious Education
